Policy Document on E-Governance

GHG Khalsa College, Gurusar Sadhar is continuously taking effective measures to create the environment of growth and development in every sphere. Therefore, college management decided that, in era of science and technology, it is the need of hour to develop new technologies to upgrade its existing system. In this regard, college management initiatives are as follows: -

1. GHG Khalsa College was one of the first institutions that adopted the computerization in office management and was the only college to submit computer generated student's registration and continuation returns in 2003 to the Panjab University, Chandigarh. Even Panjab University made it mandatory from next year i.e. 2004.
2. The first software was developed in FoxPro and was designed for Academic Fee Management and Hostel Fee Management that worked very effectively till 2010.
3. In 2010 the software was outsourced and was upgraded technology wise. In the meantime, 'Tally' had been implemented to manage the accounting process from 01-04-2009.
4. Library management software titled LIBMAN was outsourced in 2013.
5. Three main components including fee, accounts and library were computerized but were running on different platform and eventually, it was planned that remaining procedures should come on single integrated platform.
6. To provide access to e-resources in library, N. list subscriptions have been taken since 2018. The teachers and students have access to e-Books, e-Journals etc.
7. a) A comprehensive in house developed ERP has been developed and implemented since 2018 with various modules viz Activity Management, Examination, student's admission, Time- Table, Attendance Fee Management (Academic, Hostel, Transport). Hostel Management, Human Source Library, Accounts Management System etc.
 b) To fulfill all these above mentioned requirements, a dedicated team has been deployed.
