Policy Document On Environment and Energy Usage

The protection of the environment is a global issue and it is not an isolated problem of any area or nation. This problem needs to be addressed collectively by everyone in society. Human survival depends not only on human well-being but also on the well-being and protection of the environment and its precious resources. Due to scientific and technological progress, man is exerting more power over nature as compared to the past, which has resulted in the indiscriminate use of energy and the infinite penetration into nature and environment. Energy is a scarce resource, at least for some groups of people in some places and, maybe, for the world as a whole. A rational use of energy is then necessary for economic and environmental reasons.

The Environment and Energy usage Policy of G.H.G. Khalsa College of Education, Gurusar sadhar is to manage energy in such a systematic way so as to optimize its usage. It always puts effort in conveying the same to the students, local people and other stakeholders. The policy implies to explore the renewable energy resources and to find alternate resources as solutions to the energy crisis.

Policy Objectives:

- To utilize energy resources efficiently by introducing innovative technologies
- To use renewable and alternative sources of energy.
- To optimize the Energy consumption and cost.
- To follow the practice of Reduce, Reuse and Recycle.
- To carry out regular internal energy audits to identify energy conservation opportunities.
- To maintain the equipment regularly in order to ensure sustainable longevity.
- To offer opportunities for employees and students to engage in initiatives which contribute Repair, recycle and Reuse
- To monitor and respond to emerging environmental and energy issues.
- To strengthen our employees' and students' environmental knowledge and skills in order to improve our environmental performance.
- To promote awareness related to Energy conservation among various sections of society.
- To organize tree plantation drives on a regular basis.
- To review the Policy on a regular basis.
